

Future Leaders for Risk, Crisis, Disaster and Development Management

Date: 12 March 2019

Time: 9:30-12:30

Venue: Seminar Room 1, Obaku Plaza, Uji Campus, Kyoto University

Organised by: Kansai University and University of Leicester

Project funded by: Kansai University's 'Improvement in Research & Education Fund'

This is a final dissemination event of the research project for 'Risk, Crisis, Disaster and Development Management: Future Leader Programme'. This research project intends to identify a future programme to improve students' learning skills and improve teaching experiences for the effective management of risk, crisis, disaster and development.

At the end of the side event, Avoidable Deaths Network (ADN) will officially be launched as one of the successors or the research project. For more information about ADN, please visit the official site. (www.avoidable-deaths.net)
