

DRAFT 7th Global Summit of GADRI: Converging Disaster Research and Stakeholder-Engagement for Resilience; and the 4th General Assembly of GADRI
Center of Excellence for Risk-Based Community Resilience Planning, Colorado State University, USA from 21 to 23 July 2025

MCs:

Colorado Mountain Daylight Time	Day 1 : Monday, 21 July 2025 MCs:	Day 2 : Tuesday, 22 July 2025 MC:	Day 3 : Wednesday, 23 July 2025																
9:00	Registration																		
10:00-11:30	Opening Ceremony	9:00-10:30 Follow-up on Panel Discussion I - Progress and challenges for the implementation of the Sendai Framework (in several or more countries) group discussion session summary of outcomes and recommendations within 5-8 minutes)	9:00-10:30 Follow-up on Panel Discussion II - A convergence approach – focusing on disciplines and methodologies – to facilitate implementation of research for improving resilience of communities. group discussion session summary of outcomes and recommendations within 5-8 minutes)																
	GADRI Activities																		
To be discussed	Group Photograph (A printed copy of the group photo will be available during the Welcome Reception for each participant to sign.)																		
11:00-11:30	Coffee Break -	10:30-11:00	Coffee break	10:30-11:00	Coffee break														
11:30-12:30	<table border="1"> <tr> <td align="center">Plenary Session I</td> <td colspan="3">Convergence approaches in research and implementation (including methodological convergence such as combining field studies with experimental tests or numerical analysis and extending to disciplinary convergence which brings together key disciplines to collaborate to solve a problem that cannot be solved by one discipline alone.)</td> </tr> <tr> <td></td> <td colspan="3">2-3 Keynotes</td> </tr> </table>	Plenary Session I	Convergence approaches in research and implementation (including methodological convergence such as combining field studies with experimental tests or numerical analysis and extending to disciplinary convergence which brings together key disciplines to collaborate to solve a problem that cannot be solved by one discipline alone.)				2-3 Keynotes			11:00-12:00	<table border="1"> <tr> <td align="center">Plenary Session II</td> <td colspan="2">Engagement, partnerships, communication, and resulting policy (underscoring the fact that stakeholder engagement is critical to implementing research and turning it into policy to ensure communities don't just survive but thrive.)</td> </tr> <tr> <td></td> <td colspan="2">2-3 keynotes</td> </tr> </table>	Plenary Session II	Engagement, partnerships, communication, and resulting policy (underscoring the fact that stakeholder engagement is critical to implementing research and turning it into policy to ensure communities don't just survive but thrive.)			2-3 keynotes		11:00-12:00	Poster Session II Chairs: Toshio Fujimi, Ryohei Yoshimura, Michio Sanjo
Plenary Session I	Convergence approaches in research and implementation (including methodological convergence such as combining field studies with experimental tests or numerical analysis and extending to disciplinary convergence which brings together key disciplines to collaborate to solve a problem that cannot be solved by one discipline alone.)																		
	2-3 Keynotes																		
Plenary Session II	Engagement, partnerships, communication, and resulting policy (underscoring the fact that stakeholder engagement is critical to implementing research and turning it into policy to ensure communities don't just survive but thrive.)																		
	2-3 keynotes																		
12:30-13:30	Lunch Break Lunch with keynote speakers - sign-up required	12:00-13:00	Lunch Break Lunch with keynote speakers- sign-up required	12:00-13:00	Lunch Break														
13:30-15:00	<table border="1"> <tr> <td align="center">Panel Discussion Session I</td> <td colspan="3">Progress and challenges for the implementation of the Sendai Framework in several or more countries (Participants are required to select a panel discussion session.)</td> </tr> <tr> <td rowspan="2">Priority Area I: Understanding disaster risk</td> <td>Priority Area 2: Strengthening disaster risk governance to manage disaster risk</td> <td>Priority Area 3: Investing in disaster risk reduction for resilience.</td> <td>Priority 4: Enhancing disaster preparedness for effective response and to “Build Back Better” in recovery, rehabilitation and reconstruction.</td> </tr> </table>	Panel Discussion Session I	Progress and challenges for the implementation of the Sendai Framework in several or more countries (Participants are required to select a panel discussion session.)			Priority Area I: Understanding disaster risk	Priority Area 2: Strengthening disaster risk governance to manage disaster risk	Priority Area 3: Investing in disaster risk reduction for resilience.	Priority 4: Enhancing disaster preparedness for effective response and to “Build Back Better” in recovery, rehabilitation and reconstruction.	13:00-14:00	<table border="1"> <tr> <td align="center">Plenary Session III</td> <td colspan="2">Focus on advances in disciplinary and transdisciplinary research for natural hazards, cascading hazards, the resulting disasters, and models to reduce adverse impacts (Underscoring the need for fundamental research)</td> </tr> <tr> <td></td> <td colspan="2">2-3 keynotes</td> </tr> </table>	Plenary Session III	Focus on advances in disciplinary and transdisciplinary research for natural hazards, cascading hazards, the resulting disasters, and models to reduce adverse impacts (Underscoring the need for fundamental research)			2-3 keynotes		13:00-14:00	Wrap-up Session Presenters: John van de Lindt, Andrew Collins and Hirokazu Tatano Chair: Paul Kovacs
	Panel Discussion Session I	Progress and challenges for the implementation of the Sendai Framework in several or more countries (Participants are required to select a panel discussion session.)																	
Priority Area I: Understanding disaster risk	Priority Area 2: Strengthening disaster risk governance to manage disaster risk	Priority Area 3: Investing in disaster risk reduction for resilience.	Priority 4: Enhancing disaster preparedness for effective response and to “Build Back Better” in recovery, rehabilitation and reconstruction.																
	Plenary Session III	Focus on advances in disciplinary and transdisciplinary research for natural hazards, cascading hazards, the resulting disasters, and models to reduce adverse impacts (Underscoring the need for fundamental research)																	
	2-3 keynotes																		
		14:00-15:30	GADRI Regional Alliances - Showcasing Collaboration and Research: Workflow and Opportunities	14:30-15:00	Closing Remarks Chair:														
15:00-15:30	Coffee break	15:30-16:00	Coffee break - Move to each seminar room for Panel discussion sessions.	15:00-15:30	Coffee break														
15:30 - 16:30	Poster Session I Chairs: Toshio Fujimi, Ryohei Yoshimura, Michio Sanjo		Panel Discussion Session II: understanding and improving the relationship between science and technology, policy, and community in the context of the elements of the UNDRR Sendai Framework for Disaster Risk Reduction and the UNCC Paris Agreement, with both at their approximate midpoints.																
16:30-17:30	Seeds and Needs - Networking with Institutions Session Chair: Yuki Matsushi and Hiroyuki Goto	16:00-17:30	A: Convergence approaches in research and implementation	B: Focus on engagement, partnerships, communication, and resulting policies	C: Underscoring the need for fundamental research and focuses on advances in disciplinary and transdisciplinary research	15:30-17:00	 GADRI 4th General Assembly of GADRI Registration - Meeting of the GADRI General Assembly												
17:30-19:30	Welcome Reception Greetings		17:00/18:00 - 20:00	Closing Ceremony Greetings:
